QUICK RULES

Aim of the Game:

To get the most points and win the battle of Tharoor by capturing islands.

How to Play:

1. The youngest player starts by saying a word. You may choose a category to make the game more interesting. Eg. Fruits, Countries, Authors etc.
2. Note the first 6 letters of the word. Place your colour Soldiers on the grey dots of those letters on the map. If a letter appears twice, keep a Soldier only once.
3. Going clockwise, each player now says a word which has not been said before. Place your colour Soldiers on the first 6 letters, and if there is already a Soldier on any letter, then replace it with your Soldier.
4. The game continues till all 26 letters are taken.

Winner Determination:

The player with the most number of Soldiers on an island captures the island and gets the points mentioned on that island. If 2 or more players have an equal number of soldiers, they split the points equally. The player with the most points wins the game.
